All garments have been developed and extensively tested with the objective of offering the user maximum function, fit and comfort.

WINDPROOF

Keep comfortable, when it blows up; keeps you protected even in harsh conditions.

BREATHABLE

Stay cool, when it heats up; pulls away sweat to help keep up light, dry and comfortable conditions. The fabric breathes, but the wind stays out: mvp: 3000/5000/8000

STRETCH

Full comfort; our stretch fabric offers outstanding stretchability and flexibility, ideal for all activities.

AIR

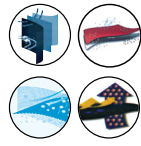

Full protection; The north 56°4 sport air fabric was developed to give full protection in extreme weather conditions.

WATERPROOF

Stay dry, when it gets wet; 100% waterproof & breathable
- the condensation control manages inner perspiration; Wp: 3000/5000
